Australia

Pullman Melbourne Albert Park

Melbourne, Australia
9.30am to 5.00pm

New Zealand

Cliftons Auckland

Auckland, New Zealand
11.30am to 7.00pm

The Preceptorship

This exciting preceptorship program aims to cover surgical and medical oncology, as well as translational science as aspects of the study of Stage IV colorectal cancer.

For the first time, the Preceptorship will run in a dual-hub format: one in Melbourne, Australia and another in Auckland, New Zealand. Both hubs will be brought together via Zoom during discussions.

We would like our Members and Committees to encourage their trainees to attend this Preceptorship.

Topics discussed on the day will include:

1. Diagnostic/molecular markers
2. Resectable metastatic disease with curative intent
3. First-line and maintenance treatments in unresectable mCRC
4. Subsequent line options and novel therapies

Partnering with the ASM

Preceptees are invited to attend the 24th AGITG Annual Scientific Meeting at Pullman Melbourne Albert Park, 14–17 November 2022.

Known throughout Australasia as the premier meeting in the GI cancer space, the ASM provides an innovative platform to engage members with new research concepts, trial developments, panel discussions and Q&A sessions.

Should Preceptees wish to attend the AGITG ASM in its entirety, scholarships are available. To apply, visit asm.gicancer.org.au/offers-scholarships.

The first 50 Study Coordinators, Data Managers, Fellows, Registrars, Scientists, Nurses including Preceptorship are eligible for a Special Offer Registration Rate (AGITG Members only). Membership to the AGITG is free: asm.gicancer.org.au/membership

Meet the Preceptors

Australia

Associate Professor Jeanne Tie (Convenor)

- Peter MacCallum Cancer Centre
- Walter and Eliza Hall Institute of Medical Research

Dr Genni Newnham

- St Vincent's Hospital, Melbourne

Dr Michael Christie

- Royal Melbourne Hospital
- Centre for Translational Pathology, University of Melbourne

Professor Chris Karapetis

- Southern Area Local Health Network, Adelaide
- Flinders Medical Centre

Dr Cori Behrenbruch

- St Vincent's Hospital, Melbourne
- Royal Melbourne Hospital

New Zealand

Dr Christopher Jackson (Convenor)

- University of Otago
- Dunedin Hospital

Dr Sanjeev Deva

- Auckland Clinical Trials Centre, Auckland Hospital

Dr Deborah Wright

- University of Otago

Assistant Convenors

Dr Derrick Siu

- Illawarra Shoalhaven Local Health District
- NHMRC Clinical Trials Centre

Dr Sarah Maloney

- Royal North Shore Hospital
